

Wednesday, October 6, 2021

Greetings!

We are excited to begin offering Day Support Services (DSS) at Lifeworks Brooklyn Park. To start, DSS at Lifeworks Brooklyn Park will include four groups of two to four individuals each. **People receiving services at Lifeworks Brooklyn Park must understand and comply with the following health and safety requirements:**

- Masks covering both the nose and the mouth must be worn at all times by staff and participants. This includes riding to Lifeworks Brooklyn Park using Metro Mobility, public transportation, and car sharing services. **Exceptions to wearing a mask require a physician's written order.**
- Physical distancing will be encouraged. Individual groups at Lifeworks Brooklyn Park will be separate from one another during indoor and outdoor services.
- At this time, visitors are not permitted to access Lifeworks Brooklyn Park.
- Individuals served must remain at home if they are not feeling well or present symptoms such as cough, runny nose, or fever. If an individual has these symptoms while at Lifeworks Brooklyn Park, they will be asked to isolate from other participants until they can return home. Please note that if

someone needs to go home, a ride will need to be arranged as they will not be permitted to use scheduled transportation.

- Individuals who are diagnosed with COVID or have contact with a documented positive COVID case are required to notify Lifeworks promptly. If either of these situations happen, services at Lifeworks Brooklyn Park may be impacted.

Please know that Lifeworks strongly encourages staff to be vaccinated, but it is not required. We make vaccination and testing information readily available and assist staff with accessing them. Lifeworks will continue to evaluate weekly and offer services to more people as quickly as we can based on our staffing levels, transportation accessibility, and COVID. For forms, policies, and procedures – including the Lifeworks Brooklyn Park COVID-19 Preparedness Plan, visit: lifeworks.org/dss-resources

We are here for you. If you have questions while we prepare to open Lifeworks Brooklyn Park, you can contact us at **651-365-3773**. This number will bring you to a voicemail. A member of our team will return your call as soon as possible.

Thank you,
Lifeworks Brooklyn Park Program Team
