

# SELF-DIRECTED RESOURCE NAVIGATION

*Lifeworks*

A nonprofit serving  
people with disabilities

Are you approaching a new phase in your life path, but don't know where to start? Understanding the resources available for people with disabilities can feel overwhelming. You know the life you want to live, but may be unsure of your options, which services can work together, and how to access them.

At Lifeworks, we know that support looks different for everyone – that's why we take a personalized approach to resource navigation. With you leading the way, Lifeworks assists with exploring possibilities and then connects you with the resources to make your vision for the future a reality.

## Lifeworks Offers

- More than 55 years of experience navigating disability services
- Expert staff partnering with your community to offer person-centered planning and customized employment services for people with disabilities
- Thorough exploration of your interests, support needs, and future goals
- Regular communication with you and your support team
- Virtual support and digital tools
- Invested in offering culturally appropriate service, partnering with trusted individuals in your community, translating materials into a variety of languages, and hiring native speakers
- Nonprofit founded by families focused on advocacy and breaking down barriers for people with disabilities

## What is Self-Directed Resource Navigation?

Self-Directed Resource Navigation is designed to explore options and connect you to resources that align with your goals. This personalized approach gives you the tools to take the next step while developing self-advocacy skills. It starts with you – a conversation to understand your aspirations, challenges, and plans for the future. From there, we dig in to identify local resources, and with your feedback build a roadmap to achieve your goals.

## Am I eligible to receive this service?

This service is for people with disabilities who are facing or planning a transition in their life. Licensed under 245D Intensive services, Self-Directed Resource Navigation is funded through the Minnesota Department of Human Services' Family Counseling and Training and requires that a person has a waiver for either Alternative Care (AC), Brain Injury (BI), Community Alternative Care (CAC), Community Access for Disability Inclusion (CADI), or Developmental Disabilities (DD). Participation in Resource Navigation does not impact an individual's funding from, or status with, the government.

## Have questions?

Let us help. Our knowledgeable staff are here for you.
