ABOUT CASHÉ FMS EVV

As a Minnesota-based company developed specifically for caregiving agencies and support providers, Cashé Software offers the EVV app – a robust, software solution for complying with federal regulations and mandates, including the Americans with Disabilities Act (ADA), the Health Insurance Portability and Accountability Act (HIPAA), and Electronic Visit Verification (EVV).

Included in the 21st Century Cures Act, EVV is a federal requirement being implemented by the state of Minnesota in the coming months. EVV uses GPS to record the employee's location only at the moment of clock in and clock out times. For more information, visit the Minnesota Department of Human Services and Medicaid.gov's EVV webpages: <http://bit.ly/3oQZBjy> and <http://bit.ly/39zkg95>.

Each employee will receive their own username and password to enter their OWN time entries. The time entries will be electronically sent to the support manager. The support manager will receive their own username and password to approve the time entries. Once approved, the time entries are sent to our Payroll Department.

Highlights of the new system:

- Mobile, tablet, and computer app that can be used for time entry and approvals
- Ability to provide budget expense summaries for participants
- Multi-lingual translation to increase accessibility
- Ongoing, custom software updates to further improve the user experience.

If you need assistance or have a question, please submit an email ticket to our technical team at CashSupport@lifeworks.org or by calling 651-454-2732 and asking for Cashé Support.

When submitting an email ticket, please provide the following information:

- Screenshot of error message (if applicable)
- Description of why you are reaching out
- Your Full Name
- Your Username
- Name of Your Employee (if applicable)
- Name of Participant
- Preferred contact method for the response
 - If a phone call is preferred, please specify best Date & Time for a returned call.
