

Disability Inclusion Consulting

At Lifeworks, we believe disability inclusion isn't just a value – it's a skill. For 60 years, we've partnered with people with disabilities to shape more equitable communities and workplaces. Our consulting works alongside you to co-create solutions that help you build systems and strategies that last.

What We Offer

- ◆ Reviewing and strengthening disability inclusion policies
- ◆ Designing effective self-identification campaigns
- ◆ Improving the accessibility of hiring and onboarding
- ◆ Developing disability ERG programming and engagement
- ◆ Advising on accessible space design beyond ADA compliance

Why Lifeworks

- ◆ 60 years of experience advancing disability inclusion
- ◆ Trusted by state agencies, national employers, and community organizations
- ◆ Guided by universal and human-centered design
- ◆ Experts in supporting employees with disabilities from recruitment to retirement

Let's build what's next – together

What Our Customers Say

"Lifeworks consulted on the accessibility of our new buildout helping us design the space **beyond ADA compliance**.

Their team brought **expert insight** and a fresh perspective on **real inclusion**, not just minimum standards. We were able to seamlessly implement their recommendations into an underway project, and we will establish their recommendation as the **standard for all our future builds**.

If you're looking to **create an environment that is truly accessible and inclusive**, we highly recommend working with Lifeworks."

- David Knight, Senior Vice President | Director of Facilities Real Estate, Associated Bank
